**Full Cart System**  
**The most productive  
Cleaning system**  
**Clean 16,000 square feet  
without having to stop**

Moe-Cleaner in combination with the Moe-Cart, is the fastest and easiest way to achieve beautiful results when cleaning commercial carpets.

This combination is ideally suited for facilities with multiple carpeted rooms like schools and places of worship.

It is also perfect for facilities with long, carpeted corridors or large open areas like convention spaces, health care facilities, or high-rise office buildings.

Moe-Cleaner is so named because it uses very little moisture to produce amazing results.

Moe-Cleaner robust design and ease of use make it ideal for both the novice and professional alike.

**Flow Control Enables**  
you to adjust the amount  
of moisture required for  
optimal cleaning.

**Detachable Center  
Debris Tray**

**Quick-Counter-  
Rotating Brushes**

**Built In "Never-Crush"  
Kickstand**

## **Moe-Cleaner Industrial The Carpet Cleaning Game-Changer**

Moe-Cleaner was designed with the sole purpose of improving productivity and sustainability. Low-moisture carpet cleaning has made improvements in chemistry over the years. By contrast, equipment for this type of cleaning hasn't kept pace. Moe-Cleaner is the answer to current inefficient and unproductive low-moisture machines.

### **A Better Motor**

Other dual-brush machines use light-duty motors meant for short run times, like those used in drills and other hand tools.

When used institutionally, these types of motors fail prematurely. By contrast, Moe-Cleaner employs a heavy duty 1/2 hp continuous duty motor, stainless steel sealed bearings, drive components that are 100% heat treated steel & stainless ensuring years of reliable service regardless of run time.

**Subject:** Moe-Cleaner Testimonial

Dear **Moe-Cleaner**

I'm writing today to sing the praises of your amazing carpet cleaning system.

With our large school district experiencing major budget cuts over the past few years and our custodial department being hit hardest of all, the carpet at our schools had become sorely under-maintained.

Although the vinyl- backed Carpet we have throughout our district has proven to be durable; we were struggling, trying to keep it looking good. **Moe-Cleaner** has proven to be a real lifesaver.

We've finally found a system for effectively dealing with stubborn traffic lanes and that brown haze that extraction just wouldn't touch, also we can clean a wing of classrooms in a fraction of the time, water and chemical that it takes to extract and have it dry enough for traffic in just a few hours.

Thanks for such a great system!

Sincerely,  
Peter Butler

West Covina, CA 91790**

### **This is my matrix for the Moe-Cleaner.**

#### **DID IT WORK?**

Bottom line... It worked for us and was a morale boost with our custodial staff.

#### **IS IT EASY TO USE?**

It's virtually silent; it's easy to use and easy on our employees.

#### **IS IT EFFICIENT?**

This summer we cleaned carpets district wide at 16 school sites which included 2 high schools — all with zero mildew odor and we finished with plenty time to spare. Elementary and intermediate schools took a team of four (4) with two (2) machines about two (2) days each to complete. High schools were completed in just over a week using an AM/PM team. **No need to use an extractor.**

#### **ARE WE HAPPY?**

We will use the same method and schedule for next summer.

To whom it may concern,

I without reservation recommend the Moe-Cleaner machine.

We are one of the largest K-8 Districts in California.

We have tried many different extractors, and this by far is the best.

My Custodians rave about it because it cleans and dries fast.

My schools are cleaning 8 or more rooms per day and are saying that

They haven't seen their carpets look this good since they were brand new.

They also love how it's easy to use and not hard on their back.

Now, this is not a miracle machine, there are some carpets that are beyond our reach,  
but they are far and few.

In regards to the fast dry time, every summer we would get complaints of mildew odor  
in several rooms,

This year, NONE! We can even clean carpets in the evenings without the fear of  
mildew odors.

The Moe-Cleaner without a doubt is one of our best investments.

**Eric Davis**
